Occasioned by Non-Arrival at Nassau.

MIAMI (Fla.) Dec. 13.—

ing for the yacht *Greg Duck*, which left here Wednesday for Nassau, with David W. Griffith, motion-picture producer.

tion-picture actors, cameramen and others. Advices received here say the party has not reached the Bahama Island capital.

the Grey Duck left this port. It was due at Nassau at 9 o'clock that night.

A smaller boat left here ahead

from Nassau by way of New York brought the first word of the Grey Duck's non-arrival.

ENGINES IN BAD SHAPE.

Nearby after five hours scouting over adjacent islands that no trace of the Grey Duck had been seen. The plane will return tomorrow, scouting all the way.

It was reported tonight three engineers went on board the Grey Hawk because of the condition of the engines.

The Grev Duck is sixty feet overall and has a 200-horse power gasoline motor.

eight miles north of Miami. A wealthy real estate operator, and his 16-year-old daughter, Marion, were on board the Gray Duck. Others aboard included Burton Mack, Nassau hotel man, master; David W. Griffith, 41, married; Elmer Clifton

W. Bitzer and Mrs. Bitzer. L. Bitzer, A. Reid, 29, married; F. Steffen, 27, married; F. Summers, 49, married; Carol Danapster, 18; H. H. Alexander, 47, married; Thomas Pattern, 14; G. MacQuarrie, 48, married; A. Randolph, 44, married.

The names of the crew of the men were not obtainable tonight.

in the search and additional supplies of food and water were being sent out to boats aiding in the work. It is understood the Grey Duck had food on board to last only about twenty-four hours.

Griffith, with twenty members of his company, left for the Bahamas about a month ago to take exterior scenes of a South Sea Island picture he is now producing.

ter went from Nassau, one of the small islands in the Bahamas group, on December 15. In this message Griffith stated he expected to be back in New York by Christmas. Since sending this message the Griffith party is believed to have been

been requested by Frank R. Wilson, of the Griffith corporation, to send out warnings to search for the missing party. Mr. Wilson stated he has received no word from the party since Wednesday, when they sailed from Miami, Fla., for the Bahamas.

VILLA BANDITS HOLD AMERICAN

**Demand \$10,000 Ransom for
Ranch Manager.**

**Quickly Release Englishman
Seized at Musquik.**

**Town is Looted and Leading
Mexican Made Captive.**

(BY A. P. NEWS WIRE.)
EAGLE PASS (Tex.) Dec. 13.—Frank Hugo, an American citizen, manager of the J. M. Davies ranch, near Musquik, State of Coahuila, is being held for ransom by the Villistas, who raided Musquik last Tuesday. An Englishman seized by them was later released, according to word received here today. Hugo is being held for \$10,000 ransom. It was said, and several prominent Mexicans are held for \$5000 ransom each. The Englishman released was R. B. Rawson, representative of an Eagle Pass lumber company.

TOWN IS LOOTED.
American Consul Agent William F. Blucker reported early this afternoon that the town of Musquik was completely looted by the bandits. Blucker communicated with the town has been restored. First reports that two Americans had been seized by bandits resulted from confusion of names in wire transmission. One of the Mexicans held is Don Miguel Musquik Pena, one of the wealthiest ranchmen in Mexico. It is said. His wife escaped by running

to Rosita, several miles distant, where she telegraphed her son to send the ransom money to Pinar Solis, 120 miles from Musquik, the point designated by the bandits. The Villistas, who were reported to be led by Pancho Villa himself, left Musquik, Friday at 3 p.m., taking the same direction over the hills towards Chihuahua State from where they came, according to Mexican Consul, Sequin de Eagle Pass.

INVESTIGATION ASKED.
WASHINGTON, Dec. 13.—Senator Sheppard of Texas today asked the State Department to investigate reports that Frank G. Hugo, manager of the J. M. Davies ranch in Mexico, had been kidnapped and held for ransom by the Villistas who raided Musquik last Tuesday. The Senator made no mention of any other American captured. Reports to the department yesterday from the American consul at Juarez said no Americans had been "harmed" during the raid.

GALVESTON, Dec. 13.—Surrender yesterday of 600 rebels in the State of Coahuila and 300 in the State of Puebla to Gen. Pablo Gonzalez, Carrancista commander, is reported in official messages received today by Mexico City, Mexican Consul at Galveston.

His Hearing Resisted.
The invisible antiseptic ear drum invented by Mr. A. O. Leonard, which is in reality a miniature megaphone fitted inside the ear and entirely out of sight, is restoring the hearing of literally hundreds of people in New York City. Mr. Leonard invented this remarkable drum to relieve himself of deafness and head noises, and it does this so successfully that no one could tell that he is a deaf man. This ear drum is effective when deafness is caused by catarrh of the perforated, partially or wholly destroyed natural drum. A request for information addressed to A. O. Leonard, Suite 111, 70 Fifth Avenue, New York City, will be given a prompt reply. (Advertisement.)

GARFIELD TELLS HIS OWN TALE.

(Continued from First Page.)

Answers to questions by Senator Frelinghuysen, Republican, chairman of the subcommittee on matters he regarded as touching confidential intercourse with the strike period. "He adhered to this refusal, though Senator Townsend, Republican, and Senator Myers, Democrat, joined the chairman in urging replies. He refused to furnish a copy of his letter of resignation, which he indicated had explained his view to the President.

Senator Frelinghuysen intimated Attorney-General Palmer and other officials connected with the strike settlement would be called.

PUBLIC OUT-VOICED.
"My objection," Mr. Garfield said of the settlement plan, "goes to the point that the commission which I understood will be set up to decide wages and prices will be composed of three members, one to be a miner, another to be a coal mine operator and the third to represent the public. Under this the chief party at interest, would always be in the minority. "Has it been your experience, with the coal industry, that employees and employers might have a common interest in increasing wages and costs and passing that increase on to the public in prices?" Senator Townsend asked.

"They may have that common interest," Mr. Garfield responded, qualifying his answer by saying that he was not charging that increase on to the public in prices."

"I believe," he said, "that the real attitude of the President in the matter is to see him and talk it over, because I know his mind."

Sketching the history of the strike negotiations, Dr. Garfield explained that he thought members of the Cabinet were standing with him in his suggestion of a 14 per cent. increase in wages and an advisory commis-

sion to review facts from which he derived the 14 per cent. clause. When this was refused, he added, he thought the question "was going to be fought out."

Dr. Garfield would not produce a telegram sent him by Attorney-General Palmer, confirming that understanding, for which he was asked. Discussing proposals he had submitted to the Cabinet, Dr. Garfield said: "I had no power under the Lever act to fix wages, but did have power to fix prices, and the determination of reasonable prices involving finally a determination of reasonable wages. I drew up a statement of principles which I thought should govern the determination of reasonable wages and submitted that to the Cabinet."

"Were they with you on that statement?" Senator Frelinghuysen asked.

"Yes, except as to the second principle stated," Mr. Garfield responded.

"That said the average wage of workers in the industry ought to be taken as a guide in fixing increases allowed to meet the cost of living and not the wages of a single group. Secretary of Labor Wilson desired the increases so given to be estimated on the wages of pick miners."

"What was your objection to that?" Senator Townsend asked.

"Basing the increase on the wage of pick miners," Dr. Garfield said, "would have resulted in securing an average increase of 179 per cent. in wages in the industry over the period since 1912, when the Secretary of Labor conceded that the increase in the cost of living had been only 79 per cent."

Some members of the Cabinet, Dr. Garfield said, supported him and some the Secretary of Labor, but all were in agreement on the balance of the proposal. He finally had taken the responsibility of putting through his settlement suggestion without securing a unanimous agreement of the Cabinet, he said.

"I received myself to be the responsible officer," he said, "believing I had authority to determine price questions. The matter was not presented to President Wilson."

Applying the principles laid down,

Dr. Garfield said, he decided 14 per cent. would meet the increased cost of living, and that operators could pay it out of profits and still keep enough mines running to supply the nation with coal under the fixed price of \$2.25 a ton. The miners decided to refuse, and continue the strike.

GARFIELD BETRAYED.
"I went home thinking the matter was to be fought out," he said. "And after that proposals were made in the government to take the matter out of your hands, in spite of your magnificent war record and the way you were standing as a bulwark to the public?" Senator Frelinghuysen interjected.

"I don't wish to go into the matter of where and how the arrangement was made," Dr. Garfield said.

"But your proposals up to December 4 were the government's," Senator Myers began, "accepted by all parties as the fact, and then some change was made?"

"Yes," Dr. Garfield replied.

Under instant questioning, Dr. Garfield said he had not talked with John L. Lewis, acting president of the mine workers, and William Green, secretary, on the flying visit made by those officials to Washington a week ago when the strike settlement was submitted.

"It is my duty to ask you for the letter you sent to the President," Senator Frelinghuysen said, "and the telegram the Attorney-General sent you in which was recorded the decision of the government to fight the strike out on your proposition."

Dr. Garfield held to his refusal.

"Now, why have you resigned?" the Senator asked. "I've stated the principle involved," Dr. Garfield said. "Do you see anything patriotic in the action of Lewis and his associates in calling off the strike?" Senator Frelinghuysen asked, referring to a message of congratulation sent from the White House.

"Not more so than when you or I obey the law generally," Dr. Garfield returned, and the session adjourned.

ARMY STARVATION PLOT OF REDS TOLD.

**DESTRUCTION OF WHEAT
FIELDS PART OF PLAN TO
HALT SELECTIVE SERVICE.**

(BY A. P. NEWS WIRE.)

KANSAS CITY, Dec. 13.—Alleged activities of the I.W.W. to bring about a general strike in the wheat fields in 1917, and "starve the army" were brought out by the government in testimony introduced today in the trial of thirty-two alleged members of the organization in Federal district court in Kansas City, Kan.

Government witnesses told of their operations when they acted as "saboteurs" or saboteurs, as they were known by their comrades, for the organization. Frank G. Wernke, 39 years old, who said he was a reformed I.W.W., testified that soon after he joined the organization in July, 1916, he was made an organizer assigned to the "straw" (wheat) belt.

Questioned as to activities expected to result in a general strike in the wheat fields in 1917, he said: "They desired to starve the army and believed that was a good way to prevent themselves from being sent into service."

While in jail in North Dakota, where he said he was arrested in the summer of 1917, Wernke testified that the judge of the court took an interest in him. Through his conversation with the judge, the witness said, he began to see things in a different light and when released from jail, joined the army. He testified he had served twenty-two months in the army, eleven in France.

HUNGRY BIRDS ATTACK DYING MONTANA STOCK

(BY A. P. NEWS WIRE.)

BUTTE, Dec. 13.—Swarms of hungry magpies are attacking half-frozen and famished range cattle in some sections of this part of Montana, according to telephone messages received from farmers by the Butte Miner. The birds swoop down upon the cattle and peck at their brand marks, causing wounds which are made more serious by cold weather and lack of food.

Hundreds of range cattle are said to be dying from starvation since the severe weather set in. One farmer is said to have shot seven of his herd that the stock might be saved for beef before they perished.

Senator Lodge said, referring to Senator Knox, "unless the President is willing to yield to his will. That is the situation that confronts the country. No man can predict what the future holds if we continue to stand on this precipice with dogmatic obstinacy, each man insisting on his position and no one being willing to yield in behalf of the people."

Senator Hitchcock quoted Senator Lodge as saying he favored the ratification of the treaty "in some form."

"Oh, I didn't say in some form," interjected the Massachusetts Senator. "But with reservations."

Senator Lenroot, Wisconsin, said Hitchcock was mainly responsible for failure to compromise, because he repeatedly declined to treat with the mild reservationists.

"That statement is as far from the truth as the insult the Senator from Massachusetts flung at the Democratic Senators in stating that their votes were not their own," replied Senator Hitchcock.

If the treaty failed, Senator Hitchcock said, the United States might lose great material interests including \$50,000,000 of German shipping, valued at \$200,000,000. Answering Senator Hitchcock, Senator Lodge said:

"I think I have served long enough as an object of competition between two distinguished aspirants for the Democratic leadership. I have never said the treaty was dead except in the Senate. The President can resurrect it. The work of resurrection lies with him."

In replying to Senator Underwood, Senator Lodge rejected a proposal of the Alabama Senator that committees to compose the differences between the Senate majority and minority of the treaty fight be appointed.

DENIKINE CAPTURES 2850.

(BY CABLE AND ASSOCIATED PRESS.)
LONDON, Dec. 13.—Brilliant cavalry raids by Gen. Denikine's Cossacks in the rear of the Bolshevik forces in the region of Kamyschin, between December 1 and December 8, in which 2850 prisoners were taken, are reported in a communique received from the Denikine headquarters today. A number of can-

GOD ALONE KNOWS WHAT SHE SUFFERED!

Goldendale, Wash.—"I wish to tell in my own way about Dr. Pierce's medicine. In the year 1905, when I was taken sick with vomiting. Nothing would stay on my stomach at all, not even a drink of water and God alone knows what I suffered, and along in June or July my kidneys bothered me. I got so weak I could hardly walk around the house, but had to go as my three children were small then. Finally I got Dr. Pierce's Golden Medical Discovery and took two bottles and today I have no stomach trouble whatever. Whenever I feel bad I go and get the Pleasant Pellets or some of Dr. Pierce's medicine and it always helps me soon."—Mrs. G. M. Frazee, Route 2.

"After suffering pain, feeling nervous, dizzy, weak and dragged down by weakness of my sex—my eyes sunken, black circles and pale cheeks—I was restored to health by the Favorite Prescription. Please," he wrote many women. "I have been in looks for after taking Dr. Pierce's Favorite Prescription the skin becomes clear, the eyes brighter, the cheeks plump. Druggists sell it in tablets or liquid. It's a woman's best temperance tonic, made from wild roots."

"CURED OF BAD BLOOD, STOMACH, KIDNEY AND NERVOUS TROUBLE."
Seattle, Wash.—"I was in a general run-down condition. Had bad blood, stomach trouble, kidney trouble and suffered from nervousness. I took three bottles of Dr. Pierce's Golden Medical Discovery and a few bottles of Dr. Pierce's Favorite Prescription and was completely cured and have never been sick a day since."—Mrs. Mary Hansen, 807 27th Ave.

EPILEPSY

STOPPED FOR OVER 10 YEARS.
By the use of Dr. Pierce's Golden Medical Discovery, a patient who had been suffering from epilepsy for over 10 years was cured. The patient writes: "I was in a general run-down condition. The abandonment of Berditchev by the Denikine troops is admitted.
ANSWER ESTHONIAN PROTEST.
(BY CABLE AND ASSOCIATED PRESS.)
DORPAT, Thursday, Dec. 11.—Officials of the Northwestern Russian government, according to O. G. Lianosov, have made a statement in reply to a communication from the Estonian Premier to the effect that the presence of the northwestern government had created difficulties in Estonia which was compelled thereby to conduct an active war against the Bolsheviks, while desiring to take only defensive action.
The announcement says the Cabinet "finds it necessary to say that publication at this time of the reasons leading to the shipwreck of all the hopes of the Northwestern Russian government and the army on the northwestern front would be impertinent and do in the interest of the common Russian cause."

PARIS, Dec. 12.—Former Emperor Charles of Austria and Empress Zita are tired of remaining in Switzerland, according to a Prague telegram and have applied for permission to reside in Prague. The request was refused for political reasons.
Empress Zita is reported to have been forced to sell more of her jewels.
An American newspaper is understood to have "barged" the former Emperor \$500,000 for his reminiscences, but he refused.

HILL LINERS FOR COAST.
(BY A. P. DAY WIRE.)
TACOMA, Dec. 12.—The former Hill liners Great Northern and Northern Pacific, used during the war for transport service, are to be purchased by the Pacific Steamship Company and placed on the Puget Sound-San Francisco run by the Admiral line. If the government will dispose of the vessels at a figure just submitted, it was announced yesterday by H. P. Alexander, president of the company, who has just returned from the East. If the two large liners were not purchased, Mr. Alexander announced, the company will either buy two others of like size or build them.

Commission to be Named During Holiday Week.

Some Senators Show Hostility to New Policy.

Hays Denies Charge of a Reactionary Dominance.

(REUTERS DISPATCH.)

WASHINGTON, Dec. 13.—Republican platform construction will start immediately after the New Year, probably about January 5, at Chicago, when the committee on arrangements for the Chicago convention meets in Chicago for its initial session.

Chairman Hays expects to have thirty-eight men and women who are to be the members of the platform committee. The committee will be held in consultation with that of the arrangement committee.

Considerable hostility to the alternative new Republican system of making a platform has developed among some of the Republican leaders. Such antagonism had been anticipated to some degree by Chairman Hays, and the Republican National Committee men who had voted unanimously to create the body that

"Other glasses in proportion. I make one of the most expensive glasses, but the Best of All is the Gold Creation I Give You."
"You might just as well have your eyes fit properly and well made as to conform to the natural eye. In them, Relief Eye Comfort and you'll be happier than to be wearing 'any old kind of a glass.'"
"I can make them Head and Comfortable at the same time, and the Best of all, Have Me Correct Your Vision."
"Many eyes are easily corrected while many are not. Yours may be. I will know, and there is where my knowledge and ability are shown in overcoming these 'traps.'"
"I don't offer to take the chance. I have an Oculist Examination—my eyes. I do not use 'drugs' in fitting the eye. My 28 years' experience—about 21 in Los Angeles—has taught me to brush away 'These eyes' and if your eyes need help, I'll find it. You can not afford to trifle with your eyes nor permit others to do so."

FULLERTON ANNIHILATED.

Long Beach Simply Smothers Red and
White Squad; Le Febvre Stars.

BY HARRY A. WILLIAMS.

Long Beach removed the "long" from Fullerton, which left the Orange county side so light that they scarcely could be distinguished in the twilight fight.

As a contest it wasn't as exciting as the society show, where last night Frieda Dean could be heard clucking sweetly while gathering the prize-winning birds of rare plumage under her wing.

The beach numbers took all the dope which had been published concerning the game and dunned it in the Pacific. The beach numbers took all the dope which had been published concerning the game and dunned it in the Pacific.

As a contest it wasn't as exciting as the society show, where last night Frieda Dean could be heard clucking sweetly while gathering the prize-winning birds of rare plumage under her wing.

Fullerton completely lived down its past, and must have taken a new start in life. The victorious day before yesterday is forgotten in what happened yesterday. The game proves beyond the shadow of a doubt that the City League is stronger than the County League.

That much for athletes who dwell in large municipalities and are reared on restaurant grub with his high per centage salaries.

The Red and White was outclassed, outgeneraled and outplayed every turn. Not once were the boys from Fullerton able to threaten the Long Beach goal, while their own was crossed seven times. The Fullerton goal line became a very common place affair, and after the third time it didn't create much of a stir.

The sub-shirted boys from the beach, when their mastery had been established, took a new start in life. The victorious day before yesterday is forgotten in what happened yesterday. The game proves beyond the shadow of a doubt that the City League is stronger than the County League.

Johnson's Attorney Says Baseball Factional Fight will not Endanger Game's Integrity.

BASEBALL NOT ENDANGERED.

Attorney Takes an Optimistic View.

Things will Right Themselves Soon.

Meeting Again When This Cools Off.

Mr. Johnson's attorney, J. H. Williams, said today that the factional fight in baseball was not dangerous to the game's integrity.

He said that the fight was a purely business matter and that it would be settled in a few days.

HEARING SET FOR J. WILLIARD CASE.

BY A. P. MURPHY WIRE.

KANSAS CITY (Mo.) Dec. 13.—James Willard, former heavyweight pugilistic champion, was arraigned before O. Q. Claffin, Jr., U. S. Commissioner for Kansas, in the Federal Building in Kansas City, Kan., today, on a charge of profiting from the sale of cordwood from his farm, near Lawrence, Kan.

His preliminary hearing was set for January 3, 1920, and he was released on \$500 bond.

Willard surrendered voluntarily today to O. T. Wood, U. S. Marshal for Kansas. He brought with him two attorneys, Edward T. Rilling of Lawrence and Albert O. Justice of Otago City, Kan.

His attorneys entered no plea, merely asking that a date for his preliminary hearing be set.

Willard was arrested by U. S. Marshal Wood on December 11, to show reasons why an open commission should not be created to take open testimony of officials of the Cleveland club.

The officials named were James C. Dunn, Walter McNichols and E. B. Bernard, president, secretary and business manager, respectively.

The object of the move is to ascertain the exact nature of Johnson's alleged holdings in the Cleveland club. The order was obtained on the affidavit of Col. Huston, part owner of the New York club, and Charles H. Tuttle, one of the club's attorneys.

Huston, in his affidavit, charges that Johnson's interests in the Cleveland club influenced his actions in the Carl Mays case.

YOST SUGGESTS RULE CHANGES.

Proposed Modifications Would not Affect Play.

Fouls not Bearing on Score to be Considered.

Wants Penalty for Team not Ready at Whistle's Toot.

CHICAGO, Dec. 13.—Changes that will, he says, go far toward bringing about uniform interpretation of football rules, some of which only few coaches, officials and players now agree on, will be suggested to the meeting this winter of the Rules Committee by Fielding H. Yost, coach of the University of Michigan since 1901, it became known today.

The proposed modifications would in no way affect the play, according to Coach Yost.

It is not the spirit of the rules to take away touchdowns by inflicting penalties for fouls which had no bearing on the play, the Michigan mentor holds. In line with that idea, he believes that the rules imposing ten-yard penalties for "clipping" or running into an opponent after the ball has been declared dead and for crawling, should be changed to apply the punishment in such manner that loss of a touchdown, if one had been made, would not be caused by bringing the ball back to where it was put in play and measuring the distance from that point.

PROMPT START. Coach Yost also favors strongly a penalty being levied against a team that is not on the field ready to play at the hour for the game to start.

From the "Yost," a popular game, it is more than a game, it is a way of life. It is a game that is played in every school and college, and it is a game that is played in every town and city.

WORLD'S NEWS IN PARAGRAPHS.

(BY ASSOCIATED PRESS.)

Intern 500 Hungarian Communists. BUDAPEST, Thursday, Dec. 11.—The internment of 500 communists has been ordered by the government.

German Reply Sent to Paris. LONDON, Dec. 11.—The German reply to the two notes of the Entente powers was dispatched last night to Paris by courier, according to a Berlin wireless message. The German mission will leave for Paris Sunday.

Professor Dies After Auto Smash. SEATTLE, Dec. 11.—Joseph Marcus Johnson, for twelve years assistant professor of English on the faculty of the University of Washington, died tonight from injuries sustained when an automobile in which he was riding turned over and plunged down an embankment on the Edmonds road, a short distance north of Seattle today.

Tightens Smallpox Quarantine. DETROIT, Dec. 11.—More stringent regulations to prevent the spreading of the smallpox epidemic in Ontario were put into effect by immigration officials today. Hereafter no person will be allowed to cross the border from Canada without submitting to vaccination, or presenting a certificate showing vaccination within the last year.

On Bill Hayward, Oregon veteran trainer, will fall the greatest load of work in the team's preparation for the biggest football clash ever staged in the West. With but three weeks before the contest, Hayward is starting the almost superhuman task of whipping a team into the best of physical condition, as it must be before it can be lined up against the powerful Harvard eleven.

Every member of the Pacific Coast championship eleven is in good condition except for the disease which has come during the period of comparative inactivity due to the prolonged idleness of the Pacific Coast officials. Hayward was doubtful this afternoon as to whether or not Oregon would be in suitable condition as only a few weeks of practice are left. He said, however, "If Harvard can do it, we can do it."

The Oregon campus was hilarious following the receipt of the invitation. The decision is a popular one here and it is assumed that Oregon's record for the season has left no doubt in the minds of the Pacific Coast critics that it has the most logical eleven to represent the West. According to Coach Huntington, Oregon will use the same eleven to play as that used during the Pacific Coast conference season. Every effort possible will be extended to give the Harvard eleven a full view of stopping Eddie Casey, who is the big man of the Crimson eleven.

Johnnie Brookett and Brick Mitchell, two of the greatest football stars ever developed at Oregon, will assist Huntington in putting on the finishing touches after the arrival of the squad at Pasadena.

FROST FINDS GROWERS READY WITH HEATERS.

COLD PREDICTION MAKES THEM PREPARE FOR LIGHTING EARLY THIS MORNING.

While citrus growers in the San Gabriel and San Fernando valleys were prepared to light their orchard heaters early this morning in case the thermometer registered rising temperatures, it was generally believed that the necessity would not arise, in spite of the official weather forecast which predicted "killing frost in the early morning."

The official forecast read: "Sunday fair; frost in the early morning; moderate northerly winds."

In case of a heavy frost the crops of the vegetable growers will suffer most, but temperatures up to midnight were not considered alarming by the farmers or citrus growers.

Growers in this section have felt it necessary to light their orchard heaters but twice this season, and on these occasions only a few of the growers took this precaution. While no damage has been done to fruit this year by cold, there was slight damage done a few weeks ago by heavy wind.

While below-zero temperatures were reported yesterday from Oregon and Washington, Southern California continued to bask in the sunshine, temperatures ranging from 46 to 53 deg. There is no rain in sight here, the local Weather Bureau says, for the next forty-eight hours.

HOLD TWO AS REDS.

Accused Admit Ownership of Truck Filled With Literature.

Two alleged communists, Joseph H. Gurovits, a clerk, and Sam Kaliser, a laborer, were arrested by members of the "bomb squad" and American Legion secret service men at the house of Kaliser, 748 North Rowan street, last night. They were held in the City Jail on suspicion of criminal syndicalism.

According to officers, the two men claimed ownership of a trunkful of I.W.W. and Bolshevistic literature found in the house of M. Solod, at 411 North Rowan street, when Solod's home was raided by the police recently. Solod was arrested.

GETS PROBATION ON PROMISE TO REPAY.

Laella Martin, wife of Cassius Mercer Martin, who recently was sentenced to San Quentin for robbery, was released on probation for an indeterminate period yesterday by Judge Willis. She pleaded guilty to defrauding Charles Kerr out of \$2,000. She admitted stealing R. W. Purpus a bill of sale for the car which she was buying on a lease contract.

The probation was granted largely because of Mrs. Martin's aid to Federal agents in prosecuting cases of illicit drug peddlers. Her terms of probation set by the court are violated. Mrs. Martin will be brought into court again on the original charge.

MINISTER PASSES ON.

Funeral Services are Conducted for Rev. George C. Skaffs.

Funeral services for George Christian Skaffs, 62 years of age, and for thirty years a Methodist minister, who died here last Thursday, were conducted by Dr. Charles Edward Locke, at 2 p.m. yesterday at the Brown chapel, 1235 South Flower street. Mr. Skaffs, whose health forced him to resign his pastorate at San Marcos last June, passed away at the home of his wife's parents, Mr. and Mrs. D. A. Moon, 2116 West Twenty-ninth street.

Born in England, Mr. Skaffs came to this country in 1887 and entered the ministry in 1895. He came to California from Vermont in 1904. His first wife, Mrs. Belle Skaffs, passed away while he was the pastor at Ocean Park, where he remained six years. In 1916, while pastor of the Alamo and Mulberry churches in the Imperial Valley, he married Miss Allene Moon of Louisville, Ky., whom he leaves.

A brother, William Skaffs, lives at Baltimore and a sister, Mrs. Emma Burton, at Litherland Park, Liverpool, Eng.

AGAIN HEADS SHRINE.

L. M. Cole Re-elected Potentate; Other Officers Remain.

All of the officers of Al Malakab Temple, Mystic Shrine, were re-elected at the annual meeting of the temple held last night at Shrine Auditorium. The officers are L. M. Cole, Potentate; B. H. Dyer, Chief Rabbi; S. M. Crabb, Oriental Guide; W. C. Durgin, Treasurer, and G. A. Fitch, Recorder.

Reports from all of the committees were received and the officers made their annual reports. The treasurer declared the temple was never in so good a condition financially, and the recorder reported there were nearly 5000 members enrolled in Al Malakab, making this temple the eighth largest in North America.

Modesto Bakers Cut Prices.

MODESTO, Dec. 11.—Two bakers in Modesto have today cut the retail price of bread from 16 cents to 12 1/2 cents. The cut, which was made in the face of an increase in the price of flour, is said to be part of a fight between the two bakers and other bakers in this city which have been selling bread at 15 cents.

Von Hatzhausen to Paris.

BERLIN, Dec. 11.—Dr. Hans von Hatzhausen, former counselor of the German Embassy at Washington, will head a delegation which will go to Paris to discuss the Schaepf incident, the Vossische Zeitung learns.

Portland (Or.) Dec. 11.—P. W. Leadbetter, admitted to the late H. L. Pitcock, today filed suit.

HOLD MAN ARRESTED BY LEGION DEPUTIES.

GRAYDON'S RED ACTIVITIES TO BE INVESTIGATED AFTER RELEASE BY MISTAKE.

George W. Graydon, now in the City Jail on suspicion of criminal syndicalism, will be held by order of Deputy District Attorney Kayser until a full investigation is made, according to an announcement yesterday night by Special Deputy Sheriff Drennan and Schumacher of the American Legion, after they had searched his residence. The search was made on a warrant issued by Justice Hanby. Graydon was later released by Justice Hanby.

"I released the man until this morning at 10 o'clock," said Justice Hanby, "but made it clear that I had no jurisdiction unless I had issued a warrant for arrest. I would not have released man accused of such a charge on their own recognizance."

C. M. Fuller and Thomas Thorndike, both millionaires, appeared in Judge Willis's court yesterday and gave \$4000 bonds for Clark.

ATTACKS MOTORMAN.

Armed with a knife Sebastian Martinez, a Mexican, believed by the police to be crazed by the use of drugs yesterday attacked J. A. Smith, a Pacific Electric motorman, while he was operating a street car in Edendale. Blows with the controller handle ended the trouble. He was removed to the Receiving Hospital and then to jail.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and thin, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

N nowadays we get this famous mixture improved by the addition of other ingredients by asking of any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

TWO NOTABLE MEN TO TALK FOR CITY CLUB.

So these sensible women head their Christmas gift lists with big easy chairs, handy bookcases, reading lamps, footstools, smoking sets and such things for husbands, fathers, brothers and sons.

Now is the time to do painless Christmas shopping. Our full stock is ready—our floors are not uncomfortably crowded—our salespeople are free to devote their undivided attention to you. Why not come in this week and be through with it? Let us lay away your selections for Christmas delivery, just as we are doing for so many others.

ELECTS OFFICERS

Kiwanis Club Also Raises a Fund for Crippled Children

William Wrigley, Jr., the chewing-gum magnate, who owns the controlling interest in the Santa Catalina Company, the Wilmington Transportation Company, announced last night plans for moving the offices of the Catalina Company from the Pacific Electric Building to Wilmington, and for docking the island boats there.

If the transaction is consummated, all the business connected with the boats will be concentrated in the water-front district and an elaborate scheme of improvements will be carried out there.

Mr. Wrigley stated that he expects the docking lease contract with the city will be signed early this week. According to present plans, the lease is to cover the use of one wharf and is to run for thirty years.

The exact details of the Catalina Company's plans for the new offices in Wilmington are now under advisement, but it is expected they will be settled and made public as soon as the contract for docking space has been signed.

Soon after January 1, the City of Avalon is expected to purchase the steamer bought for the island run, is to arrive here from the Atlantic City wharf, and to begin service.

Other improvements in the Catalina service are known to be in contemplation, and the increased travel expected by the city.

At the regular weekly luncheon of the Kiwanis Club the following officers were elected: F. H. Fehrmann, president; W. R. Brook and C. R. Spaulding, vice-presidents; Dr. W. J. Kysinger, secretary; J. D. M. Dimick, sergeant-at-arms; Frank W. Crane, musical director; Paul Jeorg, Dr. O. L. Bates, Albert Campbell, R. H. Crocker, Dr. Samuel Dorn and Dr. Isaac Taylor, trustees.

The club has provided a fund for the Christmas celebration of the youngsters at the Crippled Children's Hospital and has arranged to give a party to the children.

MANY ARRESTED IN RAID.

Under the direction of Detective Sergeant J. Frank Williams, members of the "bomb squad" and American Legion operatives made the most spectacular raid in a year upon the Rex Pool Hall in the basement of 133 South Spring street last night, and arrested eight persons as suspicious characters. Chief of Police George Hanna gave orders for the raid upon the pool room, against which many complaints have been made to the police.

Men stationed themselves at the doors of the place. They admitted all who wished to enter, then locked the doors and searched every person who entered. The patrol-wagon loads of the suspected men were then taken to the City Jail.

Meantime, so dense a crowd had gathered outside the pool room in Spring street, that it was necessary to cut the police reserves to open a free thoroughfare for the patrol wagons.

Charles Merrill, proprietor of the pool room was arrested when he objected to the action of the police officers. He was charged with interfering with his business, and was held in the City Jail on a charge of vagrancy.

Many ex-convicts, men convicted for crimes ranging from pocket-picking and burglary to the peddling of narcotics, were caught in the police dragnet. All were taken to the police station, where detectives will be interviewing the suspects.

The twenty-two were held and

WAS FREDA LESSER MURDERED?

Defense of Harry New, Reputed Son of Senator, will Seek to Bar His Confession of Slaying Fiancee in Trial of the Famous Case, Opening Tuesday.

Was Freda Lesser murdered? Is it possible that, in despair over her condition, she snatched the revolver and ended her own life? Might it have happened that she and her lover were fighting for possession of the gun and discharged it, killing her accidentally?

The court today on the charge of murdering his fiancée, Miss Freda Lesser, in Topanga Canyon on July 4, last, will begin before Judge Craig on Tuesday.

The confession from New's confession, made to the police after he had driven all night about the country, that the body of his sweetheart on the auto seat beside him, rests the main fabric of the State's case against him.

The defense attorneys assert, this confession, under the law, cannot be admitted in evidence until after the State has established by other evidence that Miss Lesser was actually murdered. It is a new twist to the "corpus delicti"—the "body of the crime"—which must be proven before a trial can proceed. In other words, they will attempt to stop the trial almost before it is started, on the ground that no crime is shown.

Furthermost point of their evening drive. State on return trip for defendant. On return trip turns off highway into Topanga Canyon. Turns again into state highway toward Ventura.

Auto stands at spot in Topanga Canyon where New said, in his statement to the police, it was standing when he shot Freda Lesser.

With body of Freda Lesser in car, New drives down canyon. "I lost my head and shot her."

David, assisted by Jud R. Rush and John L. Richardson. These attorneys decline to make public the names of the witnesses, including

their alienists, until they are called to the stand. The expert testimony of the defense is being met by U. S. Senator Harry S. New, commonly said to be the prisoner's father, and not denied by him. New, contrary to general belief, is not a rich man, as the term is understood these days, but he is making his money as a successful business man.

mentally responsible for his words, and that, therefore, his testimony is of no value. The attorneys for the defense say that they long ago gave up trying to secure from New any coherent account of his relations with Miss Lesser and his acts on the night of the Fourth of July.

TWO MOTHERS PATHETIC FIGURES IN NEW CASE.

Slain Girl is a Cripple Whose Mate Vanished; Man's Parent Cleaves to Son of Love and Folly.

The most pathetic figures in the New case are those of the two mothers — Mrs. Alice Lesser, mother of Freda Lesser, 57 years old, bed-ridden, a physical and nervous wreck, as a result of the troubles that have come to her; and Mrs. Lillie M. Burger, mother of Harry New, also a woman in her fifties, who has stood constantly by her son and who is leaving no stone unturned to have him declared mentally irresponsible for the crime with which he stands charged.

Mrs. Lesser came to Los Angeles in 1911 from Birmingham, Ala., with her husband, Emil Lesser, and their only child, Freda, then 11 years old. Mrs. Lesser had been owner of the Metropolitan Hotel at Birmingham and had served as a police commissioner of the city. Freda was born at Bremen, Ind., where the Lessers lived before moving to Birmingham.

Soon after coming to Los Angeles, Mrs. Lesser leased the St. George Hotel at 115 East Third street. Freda went to the Polytechnic High School here and also was sent to Birmingham for schooling. She is remembered about the hotel as a very affectionate and lovable child.

PATHER VANISHES. The home life of the Lessers was untroubled until November 2, 1915, when Mr. Lesser went to Venice for a swim in the ocean. He left his clothing and jewelry in the bath-house. He was not seen to enter the water but he has not been seen or heard from since that day. Freda at once took a course at a local business college and after learning stenography and typewriting, secured a position to help support her mother.

In the meantime, Mrs. Lesser's health began to fail rapidly under the strain of the mysterious disappearance of her husband, and rheumatism, which had been gradually coming on, reached the point where Mrs. Lesser became as she is today, a cripple, able to walk only with difficulty.

Her husband had carried \$3000 insurance in each of three companies—the Fidelity Life Insurance Company, the New York Life Insurance Company and the Equitable Life Insurance Company. These companies were not satisfied that Mrs. Lesser was dead, one theory being that on account of the European war situation, Mr. Lesser, who was German born, had disappeared and made his way back to Germany.

Mrs. Lesser then brought suit against the insurance companies and awards were given her against the New York Life and the Equitable, but the court found in favor of the company in the case of the Fidelity. Appeals were taken by the other companies and these are pending, as is also Mrs. Lesser's appeal in the Fidelity case on the policies.

Under the law, Mr. Lesser's unexplained seven-year absence will constitute automatic legal proof of his death, so that Mrs. Lesser has decided to contest the cases actively no longer but to wait until 1922. If Mr. Lesser has not been heard from by that time, the companies must under the law pay Mrs. Lesser the amount due on the policies.

HE IS CALM.

New himself has been awaiting his trial with seeming lack of apprehension or even of apparent appreciation of his situation. His mother, Mrs. Burger, and his sister, Miss Edna Clancy, have visited him regularly at the jail, and recently, at the time for the trial drew near, have been coming to see him for a brief period every day.

New will not take the stand in his own defense, the attorneys for the defense maintaining that he is not

mentally responsible for his words, and that, therefore, his testimony is of no value. The attorneys for the defense say that they long ago gave up trying to secure from New any coherent account of his relations with Miss Lesser and his acts on the night of the Fourth of July.

 Then Upon Mental Condition of

(Continued from First Page.)

Davidson took New's revolver and went outside to the car, where, he testified at the coroner's inquest, he found the body of a young woman who was afterward identified as Freda Lester, lying in the back seat of the car. The girl, Mr. Davidson says, was lying on her left side, and there was a bullet hole in her right temple. There was blood, Davidson says, on the floor of the car under the place where the girl's head rested on the cushion. Mr. Davidson says he saw no blood spots in the front part of the car.

In view of the contest which seems probable over the question of admitting New's signed confession made at the police station on his arrival there, the exact details incident to his arrival there and the circumstances that followed become important. According to men who were present, New walked into the middle entrance of the Central Police Station—the entrance between the stairway leading to the courtroom and the one where the traffic officers and desk sergeant have their offices. He had parked his car diagonally at the sidewalk, pointing the car downhill, as is the custom. He walked into the building, up the few steps and around the corner to pass the City Jail doors to the desk of the detective bureau at the end of the hall, where Detective D. A. Davidson was on duty. Handling Davidson a revolver, New in a matter of fact, few tones of voice, said, "I have killed my girl. She's outside. In the car." Davidson took the revolver and came from behind the counter and calling to several other men who are on the same floor, the detective walked out to the car and opened the door.

Freda Lester's body was lying on the back seat, with an Afghan shawl thrown over it. There was a box of candy, several pieces of which were missing, and a book-side magazine lying on the floor of the car, also one of the girl's slippers or low shoes. There were a few drops of blood on the floor of the car under where Freda's head was lying on the cushion.

Davidson and the other officers returned to the office of the detective bureau, where New asked permission to telephone his employer, H. P. Dixon. New said to Mr. Dixon, "I have killed Freda Lester." Mr. Dixon's excited voice could be heard by the men who stood near to New. Seating himself near one of the men at a typewriter, New next

lighted and smoked a cigar while he answered to questions he told the story which he afterwards signed as his true statement of the facts. He was not put through a "third degree," but quietly answered every question put to him, without excitement or emotion. He volunteered no information. Every statement had to be brought forth by a question by the officers. After signing the statement, New was locked up.

WHAT HAPPENED?
 Detective Davidson will be an important witness, for if New's statement is admitted and the case proceeds, the defense will make every effort to show that the prosecution has not proved that Miss Lester was murdered, nor that she may not have killed herself. Was she sitting on the front seat of the car, when the bullet entered her head? The car is a left-drive machine. The revolver, New said when he surrendered, had long lain in the pocket in the left door. Then, if the girl was sitting in the right-hand front seat, how could New have reached around and shot the girl in the right temple? Or how could she have reached in front of New into the pocket of the door, secured the pistol and shot herself, because of her refusal to marry him? Is the story he told at police headquarters something New made up to take the blame to himself for her suicide? These are some of the questions which have been asked by those who have followed the case, and therefore, the answers to these questions which will be made at the trial by medical and police experts, will be awaited with interest, and will have an important bearing on the final verdict.

BIG CROWD EXPECTED TO HEAR NEW TRIAL.

ARRANGEMENTS ARE MADE TO
HANDLE JAM OF PEOPLE AT
THE COURTROOM.

Arrangements were made yesterday in Judge Craig's court to handle the big crowd that is expected Tuesday morning at the trial of Harry A. New, Jr., accused of the murder last July 1 of Freda Lester, his sweetheart. Because of the unusual interest in the case, the seating arrangements have been changed so as to accommodate newspaper representatives and a barrier has been erected at the door to keep back persons who are unable to find seats in the courtroom. Because of a court rule that no one is permitted to stand during the course of a trial, no one will be admitted until a seat can be found.

It is expected most of Tuesday will be spent in getting a jury. The prosecution will be represented by Dist. Atty. Woolwine, Chief Deputy Doran and Deputy Keyes, and the defense by LeCompte Davis, John L. Richardson and other associated counsel.

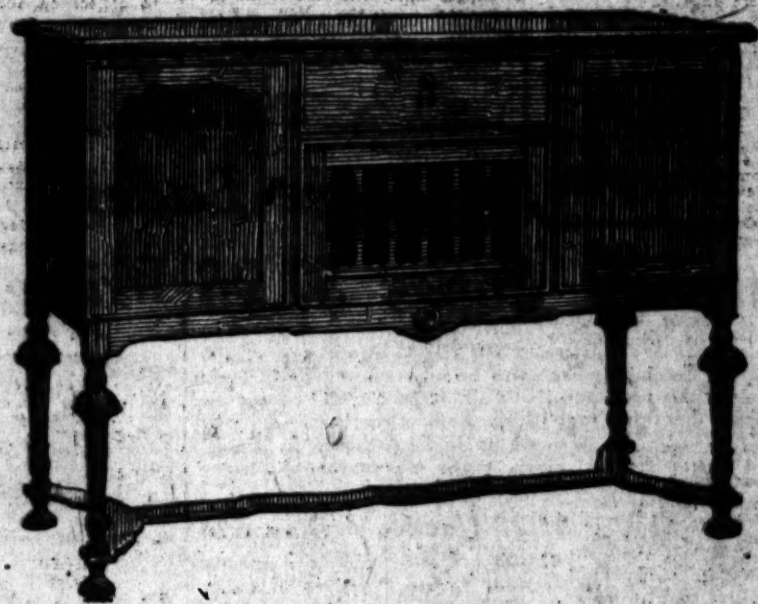

INQUIRY INTO DEATH OF BLAHA CONTINUES.

THE death of George Blaha in Venice several days ago, held by a coroner's jury to have been caused by an overdose of chloroform administered by his mother-in-law, Mrs. (Dr.) Gertrude Steele, to relieve pain due to the use of a freckle lotion, is still under investigation by the State authorities. It was learned yesterday.

In addition to the announcement that Prof. Arthur R. Mass, the coroner's expert, is still working on the chemical analysis of the dead man's body, J. M. O'Connell, investigator for the State Board of Medical Examiners, said yesterday he was investigating the case from a new angle. Just what evidence is sought Mr. O'Connell did not disclose. "When I complete my investigation I will submit a report to H. Castellan, Los Angeles agent for the board. Action by the District Attorney's office may follow," he said yesterday.

Prof. Mass is still working on his chemical analysis, in spite of the fact that Mrs. Steele, at the coroner's inquest, admitted she gave her son-in-law chloroform and that he never recovered from its effects. The lotion used on the man's face, experts say, was unusually strong, though Mrs. Steele insists it is the same she has used in the past thirty-five years to treat more than 200 persons.

 makes of disc records perfectly

PERHAPS you have not heard every phonograph that's made, but doubtless you have heard many of the popular makes. That will suffice for you to judge the Pathe Pathephone when you hear it play. You will say right away that it is better than the best, for the Pathe tone is clearer and more musical—the reproduction of vocal and instrumental selections in every instance is strictly true to type, faithful in every degree of tone without the least mechanical discord to mar the beauty of the music.

With a Pathe Pathephone in your home the world's library of musical disc records is open to your selection, for the Pathe plays all makes of disc records and plays them perfectly.

The Pathe plays Pathe Disc Records with a smooth, round Sapphire Ball stylus that never wears out—that cannot mar or scratch your records—that brings out every note distinctly and harmoniously. No needles to change when you play Pathe Records on the Pathephone.

The wonderful Pathe Pathephone comes in a variety of conventional and period models in various woods and finishes.

WALLIS SCHOOL PROGRAMME.
 The first act and one scene from the second act of Shakespeare's "A Midsummer Night's Dream" was the leading number on the review programme presented by three classes of the children's department of the Wallis School of Dramatic Art, last Friday night. On the same programme, D. D. Reese gave a talk

on "Practical Applications of Psychological Principles." Director Elliott presented scenes by the motion-picture class from scenarios arranged for the occasion, and Director H. A. Burday, with a company of advanced students, closed the entertainment with one act of a play, "Hearts Entwined." This three-act play will be given for a

Knights of Pythias society next Friday, at Boy's Heights, while another company will entertain, with a three-act comedy, a society of Odd Fellows, on Thursday night.

SELL WALNUT SWEEPINGS.

Big Profits and Peddlers' Fraud Shown
by Complaint Inquiry.

Charges of profiteering brought to the attention of the District Attorney's office and referred to the county health department for investigation are expected to lead to the filing of complaints against men said to have been engaged in buying walnut sweepings from the floor of packing-houses and selling them as whole-some walnut meat at a great profit.

Dist. Atty. Woolwine reported the matter to Food Inspector Kirkpatrick in the following letter:

"It has been called to our attention several times of the injustice and fraud that is being committed in reference to the selling of walnut shells and sweepings from the floor of the packing-houses.

BUYS SWEEPINGS.
"A recent case was brought into my office this week wherein a man took the sweepings from the floor of the packing-house near Los Nietos and paid therefor to the packing-house 1 cent per pound, or \$1 per sack, for thirty-four sacks. He, in turn, representing this to contain a large percentage of walnut meat, sold it in the association sacks to another man for \$340, or \$10 per sack. These walnut shells contained a certain percentage of the walnut meat, but such as it did contain, was more or less mixed with the dirt and grime from the floor, making it unfit for human consumption and deleterious to public health.

"I believe, in the interest of the people, that this should be given to you to look into closely and, if possible, find some means to stop this practice."

Mr. Kirkpatrick learned from F. J. Montgomery, secretary of the Los Nietos Walnut Growers' Association, that thirty-four sacks of walnut sweepings were sold to C. E. Bullock, who resides near Rivers, for \$1 a sack, on the understanding that the contents were to be used for chicken feed. Mr. Kirkpatrick verified this statement from the books at the packing plant.

LOSES BIG PROFIT.
It was then ascertained that Bullock sold the thirty-four sacks of sweepings to Harry Rosen, a peddler, for \$340, at the rate of \$10 a sack, showing a clear profit of \$306. Mr. Kirkpatrick was able to inspect some of the sacks, and found them stamped 100 pounds of walnut meat meat.

The matter was reported to Investigator Holdman, who placed it before the Federal District Attorney, and a complaint was about to be issued, it is said, when it was learned that Bullock reclaimed the thirty-four sacks of sweepings from Mr. Rosen by repaying him the \$340. It is estimated that each sack contained approximately fifty pounds

of walnut meat, which would have realized when peddled at Christmas time to householders 55 cents a pound, netting the peddler a profit of \$760.

During the Christmas holidays many complaints have been made by householders who paid peddlers good prices for walnuts only to find that in a great many instances two-thirds of the purchase were walnut shells.

The walnut sweepings are designated as such because they are the walnuts that become crushed or marked in the packing-houses. The walnuts are taken from the floors of the packing-houses and placed in sacks, grit, string and other foreign materials being gathered up with them.

FOOLS CUSTOMERS.
The peddlers, it is said, show prospective customers good walnuts, assuring them that all the goods are like the sample. When the householders empty the sack, the contents are to a large extent shells or unsanitary walnut meat.

Inspector Kirkpatrick made a report of the result of his investigation before the Federal and county district attorneys.

PAVING MIX-UP.
The City Council desires to give its approval to plans for paving eight blocks or more of Seaside avenue, Terminal Island, but the entire frontage on the south side is under control of the Harbor Commission. So far, the commission has not given its formal consent to payment of the assessments for this frontage and action by the Council has been deferred until efforts are made to reach an agreement.

BOUNDS OF FEDERAL AUTHORITY SET IN AIR AND UNDER GROUND.

Just how far beneath the surface of the earth and how high in the air the jurisdiction of the United States extends on the Mexican boundary line has at last been officially determined by the government.

It had previously been agreed that passengers on the San Diego and Arizona Railroad, passing over the line through the Tecate tunnel, should be considered in United States territory, without any restrictions as to the depth of the tunnel. Yesterday a ruling was received here showing what shall be done in the transportation of passengers by airplanes that cross the line.

Lieut. T. C. Paine, connected with the Overland Airplane Transportation Company and formerly in the aviation service at March Field, Riverside county, applied to the Secretary of War for a permit allowing him to carry passengers by air across the border. It then became a question how far the jurisdiction of the national government extends into the air and, after the question was discussed pro and con, a ruling was laid down that Lieut. Paine might carry passengers across provided he, before leaving for Mexico, or on his return to American territory, should make a report of his passengers to show they were provided with the necessary passports. In other words, the authority of the government over the air is limited.

TEMPLE DRIVE'S LAST DAY.

At a late hour last night the \$500,000 fund of the Temple Baptist Church for a permanent home in the downtown section of Los Angeles was still 20 per cent. below the \$500,000 mark. Members of the committee have redoubled their efforts to raise the amount necessary and end the drive successfully. Several weather members of the congregation have not yet made public what they will pledge, but it is expected that they will do so today. Special services morning and night will bring the campaign to its end.

CAPO-DI-MONTE

A Medicinal

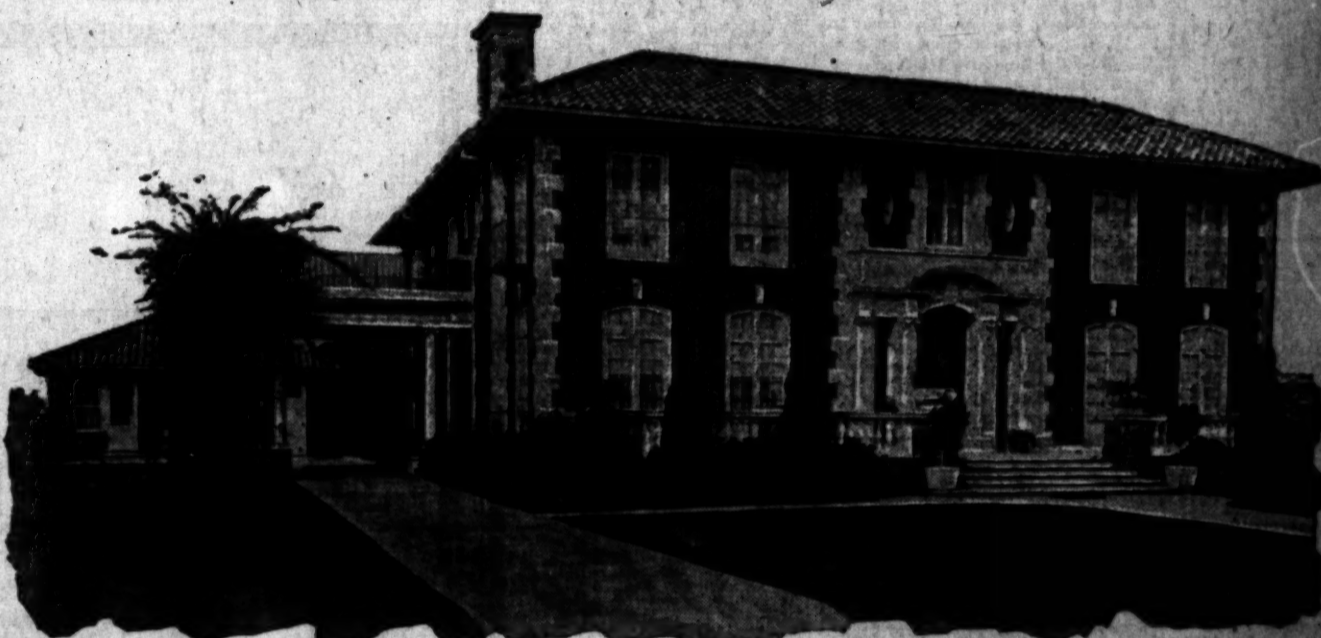

HAIR TONIC

Powerful, But Harmless. Ordinary Hair Tonics Not Strong Enough.

A S A HAIR stimulant and beautifier, or as a treatment for scalp eruptions and eczema, it is equally quick and effective. When rubbed in around the roots it immediately invigorates and strengthens them. A few treatments bring delicate softness and great beauty to the hair.

READ these directions and see what a short time is required for it to do these really wonderful things: For scalp eruptions, dandruff and falling hair, apply once a day for two or three days or until trouble disappears. To improve the growth and beauty of the hair, continue the treatment two or three times a week for a month or more. In very severe cases of hair falling, premature baldness or loss of hair from any cause, use regularly once a day until the hair stops falling out and the new growth is well started, then occasionally as a stimulant. SEEK TO SOLVE WAR PROBLEMS.

Better Community Conference
for Social Programme.

Will Hear Suggestions from
National Authorities.

To Discuss High Costs, Labor
and Kindred Subjects.

Fifty authorities of national reputa-
tion are scheduled to deliver ad-
dresses embodying suggestions for
the solution of present-day prob-
lems, according to the complete pro-
gramme issued yesterday for the
better community conference to be
held here Friday, Saturday and Sun-
day.

The meetings are called jointly
by the California Teachers' Associa-
tion, the Chamber of Commerce and
the University of California, south-
ern branch. Admission to all of
the sessions is free and the public
is invited. The purpose of the
conference is to formulate a
programme of methods to deal with
labor disturbances, higher produc-
tion, increased cost of living and
other problems resulting from the
war.

The conference is to be divided
into twelve sections. The commu-
nity council section will meet at
the Morocco Theater, both afternoon
and evening, on Friday, when sub-
jects pertaining to community work
and organization will be discussed.

CHILD PROBLEMS
The section on community better-
ment in relation to child life will
meet Friday afternoon, in the Y.M.
C.A. auditorium. Addresses on
playgrounds, compulsory education
and the work of the Y.M.C.A. and
the Y.W.C.A. in the community will
be delivered.

The better homes section will
meet at Blanchard Hall Saturday
afternoon. Such topics as tempo-
rary and permanent homes, city
planning and city housing will be
presented by a group of authorities
on these subjects.

The better farming section, which
will meet at Normal Hall Saturday
afternoon, will hear a series of
addresses on better farming, col-
onization and other methods of
improving rural interests.

The better business section will
meet at the Chamber of Commerce
Friday afternoon. Plans for bet-
ter advertising, employment, man-
agement and better business will be
presented.

The section on workers and em-
ployers will gather at Polytechnic
High School Saturday afternoon. A
group of labor leaders and business
men will offer remedies for Pol-
ishism and labor difficulties at this
meeting.

The section on sanitation and hy-
giene will meet at Blanchard Hall
Saturday afternoon. Addresses on
health and development work in Los
Angeles and school and social hy-
giene will be discussed.

The church and community sec-
tion will co-operate with the bet-
ter community section by holding
one conference on the relation of
the church to the community.

FOR SERVICE MEN.
The section on ex-service men and
the community will be held at the
Enlisted Men's Club, Ninth street
and Grand avenue, Friday morning.
When was camp community service
soldier work, Red Cross work and
the American Legion will be dis-
cussed.

The section on making the school
what it should be, to meet at the
Central Intermediate school Friday
afternoon, will hear discussions on
Americanization and on the new law
for the part-time training of
workers.

The section on what our country
should be in five years will meet at
Trinity Auditorium, Sunday morn-
ing, December 21, which will be
presided over by a group of promi-
nent ministers.

CAMERAMAN REPORTS NORTH-
ERN STATES ARE UNSUIT-
ABLE AFTER SURVEY.

Additional testimony as to the ad-
vantages claimed for Los Angeles as
a motion-picture-making center,
was given yesterday to the Indus-
trial Bureau of the Chamber of
Commerce, by J. B. Walker, cam-
eraman for the Neil Shipman pro-
ductions, who has just returned from
a twelve-weeks' tour of Idaho,
Washington and Oregon.

Mr. Walker's trip was designed to
test light and other important pic-
ture-making features in the north-
ern country and to locate outdoor
beauty spots for the next Shipman
production. Although the natural
scenic beauty in the section he vis-
ited compares favorably with that of
Southern California, Mr. Walker re-
ported that the places offering im-
pressing scenic effects are inaccessible
and that the natural light quali-
ty in the northern States fails to
compare with the light of this sec-
tion, in so far as picture making is
concerned.

It was reported to the Industrial
Bureau of the chamber that as a re-
sult of Mr. Walker's survey, a de-
cision was reached by the Shipman
company to make all future produc-
tions in and around Los Angeles.

COMMITTEE ON WAR MEMORIAL SELECTED.

CHAMBER OF COMMERCE
NAMES BODY TO DECIDE
ON ACTION.

The matter of choosing an appropri-
ate memorial for Los Angeles men
who sacrificed their lives in the
war will be left largely in the hands
of a special Chamber of Commerce
committee, named yesterday by the
board of directors, to be known as
the Soldiers' and Sailors' Memorial
Committee.

Druggists and Doctors Astonished At Wonderful Power of Nicotol To Stop the Use of Tobacco To Detect Harmful Effects of Tobacco Try These Simple Tests

New York—Mr. Tobacco User, any druggist will tell you that a remedy to be successfully sold must, above every-
thing, possess merit, otherwise failure is inevitable. Nicotol, the famous rem-
edy for the tobacco habit, was a suc-
cess right from the start, simply because
it quickly does the work promised. We
publish a few letters from some of the
best known druggists in the country to
give you an idea of what they think of
Nicotol, and you may rest assured that
they would not permit the use of their
names unless Nicotol was something out
of the ordinary. "The Peoples Drug
Store has five of the best stores of the
country," writes one. "Since we have
had Nicotol the sale has been greater
than that of all the rest of the medi-
cines we have ever sold. The demand was
so great that we were compelled to order
locally pending receipt of a shipment
from you direct." Shramm-Johnson,
who has six stores in Salt Lake City,
says: "We take this opportunity of ex-
pressing our appreciation to Nicotol.
We have enjoyed a very large sale on
the same and it has given entire satisfac-
tion to our customers." Jacob Brothers,
of Philadelphia, Pa., have this to say: "Our
sales of Nicotol have passed our expecta-
tions. Our first order was placed late
in March and we were forced to re-order
before the end of April; the sales have
kept up well ever since. There is no
doubt that we are receiving many repeat
orders from our customers and many
expressions of opinion regarding the
merit of this article have been very
favorable." Dr. Connor, formerly of
Johns Hopkins Hospital, tells how to
detect the harmful effects of tobacco.
Here is what he says: "Many men who
smoke, cough or snort incessantly and
who are seemingly healthy, are suffering
from progressive organic ailments.
Thousands of them would never have
been affected had it not been for the use
of tobacco to excess, and thousands
would soon get well if they would stop.
The chief habit forming principle of to-
bacco is nicotine, a deadly poison which
when absorbed by the system, slowly af-
fects the nerves, membranes, tissues and
vital organs of the body. The harmful
effect of tobacco varies and depends on
circumstances. One will be afflicted
with general debility, others with cat-
arrh of the throat, indigestion, consti-
pation, extreme nervousness, sleepless-
ness, loss of memory, such of will power,
mental confusion, etc. Others may suf-
fer from heart disease, bronchial trou-
ble, hardening of the arteries, tubercu-
losis, biliousness or even cancer of the
common affection known as tobacco
heart. If you use tobacco to excess in
any form you can easily detect the
harmful effects by making the following
simple tests: Read about one full page
from a book. If, in the course of read-
ing, your voice becomes hoarse, hoarse
and indistinct and you must frequently
clear your throat, the chances are that
your throat is affected by catarrh and
it may be the beginning of more serious
trouble. Next, in the morning, before
taking your usual smoke, walk up three
flights of stairs at a regular pace, then
stop. If you find that you are out of
breath, your heart beat is forced, trem-
bling or irregular, you may be a victim
of functional or organic heart trouble.
If you feel that you must cough, clear
or snuff to quiet your nerves, you are
a slave to the tobacco habit and are
positively poisoning yourself with the
deadly drug, nicotine. In either case
you have just two alternatives—keep on
with the self-poisoning process irrespec-
tive of the dangers and suffer the conse-
quences; or give up the habit and es-
cape the danger. You can overcome the
craving and stop the habit in a very
short time by using the following in-
expensive formula. Go to any drug store
and ask for Nicotol tablets, take one
tablet after each meal, and in a com-
paratively short time you will have no
desire for tobacco—the craving will have
left you. Write the nicotine poison out
of your system, your general health will
quickly improve."

District Representation Ghost Still Stalks POLITICS.

THE WATCHMAN.

BY THE SENTRY ON HIS BEAT.

While the Chamber of Commerce made definite recommendations to the Mayor and City Council regarding proposed charter amendments—which have been fully set forth in the columns of the Times—these by no means are the final words on the subject. The ghost of district representation will not down.

The District Representation League is taking an active interest in the situation and during the ensuing week will draft its recommendations, so that they may be before the Council at the same time the Chamber of Commerce resolutions are formally considered.

The league's proposal will be that the city shall be divided into fifteen districts, with each having a representative in the Council. This will include representation for San Fernando Valley, Sawtelle and Westside, Boyle Heights, Garvanza, Highland Park, Hollywood, etc.

gime and the Council itself. The plan, in fact, would concentrate the major functions of the city government in the hands of the Mayor and the fifteen Councilmen, who would also form the various commissions instead of Council committees on the same subjects as are handled by separate commissions now.

They're Anti-Johnson. Hiram Johnson has definitely alienated from his following thousands of Californians because of his campaign against the League of Nations. These folk look with extreme disfavor on the discussion of only prospective candidates for Presidential electors who are avowedly for Hiram, and they are beginning to talk about definite action on other lines.

Within the past few days there has been discussion of the propriety of starting a movement to place Presidential elector candidates in the field who might support either Wood, Lowden, Hoover or Harding, as the situation might warrant, but who would be directly opposed to Johnson.

And Even Pasadena. Recall elections seem catching, and Pasadena has been the scene of City Commissioners John J. Hamilton and M. J. Sullivan, who are so sufficiently signed that the election on their recall must be held. Don't know just what the trouble is with Salisbury, but it seems the Hamilton career as City Commissioner of Pasadena has been no more successful than his course as a Citizen Fixit and a charter maker for Los Angeles, or a member of the Board of Supervisors of Los Angeles county.

Handall Denies It. Congressman Handall sends word from Washington, D. C., that he's not a candidate for the Senate, and that if he should be he would enter the race on the Prohibition ticket. How relieved Senator Phelan must feel that Handall doesn't intend to walk away with the Democratic nomination. Handall has been a creature of lucky circumstances, politically, but his stock is decidedly on the wane. With a Montville Flowers, a Ralph Criswell, a Charles E. Bent, and others to select from, the voters of the Ninth District doubtless will decide at the next election to let the garden-seed stateman retire to his Highland Park partridge.

Hands Off for Rolph? "Pinhead" McCarthy is waiting to step into the shoes of the Mayor of San Francisco should Rolph eventually win the top of a United States Senator—but "Pinhead" may have a long wait.

Rumor is current around San Francisco Bay that Mayor Rolph will keep out of the Senatorial race

and will groom himself for Governor. The story goes that what is termed the "Pinhead" McCarthy is directly assisting in Rolph's reelection as Mayor of San Francisco, at least kept hands off, and that this may have been on an understanding that Rolph would not be an opponent of Senator Phelan. When Rolph visited Los Angeles a few days ago he stated that he hadn't made up his mind as to whether or not he would be a Senatorial candidate, but he didn't care to be quoted in regard to the subject.

His Work Ended. Edward Hyatt, former State Superintendent of Public Instruction, passed away at his home in Sacramento last Sunday night, after two years of suffering from partial paralysis. He leaves a widow and eight children. For twelve years he served the State as head of its educational activities, and his name is closely associated with the public school system of California in all parts of the State.

A delicate situation was created at the last State election when Mr. Hyatt insisted upon making the race for election against the advice of his close personal friends. As an informed. At that time the general rumor was that he was physically unfit for the task, but I believe his defeat was because of the general belief to this effect, which later developments justified.

Prospective Councilwoman. Miss Clara Smith, one of the faculty of the San Jose State Normal School, has been nominated as a member of the City Council of San Jose to fill the unexpired term of E. R. Williams, resigned. Action on the nomination has been postponed until for the task, but I believe his defeat was because of the general belief to this effect, which later developments justified.

Branch State Capitol. The action of the Los Angeles City Council in asking that the board of control place an item of \$2,000,000 in its next budget for a State building in this city doesn't set well with Sacramento. Up there it is feared that this is simply the beginning of another campaign for a division of California into two States.

Members of the board of control are credited with the statement that the law contains no provision for the inclusion of such an item as proposed, but that the building plan could be brought before the voters of the State in the form of a proposal for a bond issue.

The Sacramento Union sees the State-division, however, as a "branch of the State Capitol" at Los Angeles shows that the movement to dismember the State organization is quite active. San Francisco evidently has no monopoly on the plan to grab a section of the State government. Sacramento is the legally established capital of California. There is no reason why branches of the State Capitol should be scattered over the State. The home of the State government is here legally. It should be developed to the fullest extent, and kept here.

School Superintendency. Sentiment in favor of the selection of a local educator as head of the Los Angeles city school system, to fill the vacancy created by the resignation of Dr. Albert Shiele, is finding expression from many sources. While the names of educators from many parts of the United States have been mentioned in this connection, it seems certain that the Board of Education will take no action until after the meeting of the Teachers' Institute, when some of the big guns in the educational world will be here. And, after all, there is considerable probability that Acting Superintendent John B. Montux may be appointed to the position for a year, thus giving the board ample time to determine just what final action it desires to take.

Randall is in Bad. Congressman Randall is in bad with the citizens of San Pedro and Wilmington who are touchy about giving up the local names even though they gladly accept the advantages of being a part of the municipality of Los Angeles. Randall obtained an order from the Postmaster-General making the post-offices at Wilmington and San Pedro branches of the Los Angeles post-office, to be known as the Wilmington branch and the Harbor branch. Neither of these sections lie in Randall's district, and the people there say they'd thank him to keep hands off their affairs. Sizzling protests have been sent to Washington by the chambers of commerce and other organizations of both places. Randall will probably try to appease their wrath with garden seeds and franked post cards, which is his favorite campaigning method. Just now he is said to be sending out great pouches of reports on last year's influenza epidemic.

Four More "Classics." Those who have been closely studying the situation believe that California will make such a showing in the new census that it will be entitled, on the present basis of apportionment, to four more members of Congress. As the bulk of this great increase in population has occurred in Southern California, it's reasonable to expect this area will get the special advantage of this additional Congressional opportunity. From what I hear, the women of Southern California have already considered this possibility and also the prospect of standing back of a demand for at least one woman member of Congress in this new allotment.

In the First District. Up in the First Congressional District of California, which includes the counties in the extreme north-east part of the State, the Republicans are declaring their intention of retiring Clarence F. Lee, Democrat, and returning the First to the Republican column. The First District is the home of Raymond Benjamin, State Republican chairman, and he's surely doing his best to look after his own household. Among the prominent Republican possibilities in this district are Charles Kaech, member of the State Legislature from Mendocino county; Frank Sigelbert of Willows; and Euvel Howard of Lakeport.

OPPOSING MILK CONTROL. Farm Bureaus Against Plan to Have Dairy Industry Declared Public Utility.

The Mayor's milk investigating committee will meet in the Mayor's office at 2 p.m. tomorrow to receive reports from J. B. Valle, president of the Los Angeles county farm bureau, on investigations which his bureau has made as to the cost of producing milk at various points through this county.

In a letter to Mayor Snyder, received yesterday, Farm Adviser Hodgson states he has been requested to transmit the sentiment of the five farm bureau organizations of Los Angeles, Orange, San Bernardino, Riverside and Imperial counties, expressed at a regional conference in this city, on the subject of making milk a public utility. This letter says: "After a very careful consideration, the delegates from these five farm bureaus, representing approximately 2500 farmers of Southern California, went on record as being unanimously opposed to the placing of the production of milk in the class of public utilities under the jurisdiction of the State Railway Commission."

WANT FEWER LAWS. "It was felt that such action, while eminently satisfactory to the milk producers, since it would at once guarantee the consumer a uniform rate of interest on investment, and which, unfortunately, most of them do not receive, would establish a dangerous precedent. If once started and logically followed up, a movement of this sort would eventually include the production of all the necessities of life under the class of public utilities, and would at least tend toward interference with the unrestrained laws of supply and demand. The sentiment expressed was that what the farmer

desires is less legislation rather than more laws added to our statute books. "Moreover, the feeling was absolutely unanimous that the making of the production of milk a public utility would, instead of rendering milk cheaper to the consumer, have exactly the opposite effect, because of the fact that the great bulk of dairymen do not charge their own labor against the business, nor do they figure in interest on the investment, all of which would, of course, be included in costs of production as determined by an impartial commission of business men."

"In this connection, we would call your attention to the situation in Chicago a year or so ago, when, after surveying the situation, a commission appointed to set a fair price recommended not a decrease in the price, but a rise, in order to stimulate the production of more milk and to keep the dairymen supplying Chicago from going out of business."

NOT WORTH COST. "The sentiment of this meeting was, further, that making even the distribution of milk a public utility is inadvisable, as in far the majority of the incorporated cities of California such action will clearly not be worth the cost of the supervisory agencies. "It was pointed out that the two avenues of municipal distribution and co-operative distribution offer probably better possibilities for solving problems of distribution than does placing it in the public utility class. "Our organization is at present securing data for a report which will be rendered you later as to the facts in the situation as the unbiased farmers and producers of Southern California see them."

MEAT WHEN KIDNEYS BOTHER

A Glass of Salt if Your Back Hurts or Bladder Troubles You.

Men or women who eat meat regularly can make a mistake by eating the kidneys occasionally. Meat is a well-known authority. Most men who eat meat which excites the kidneys, they become overworked, the strain, get sluggish and tired, and the waste and poisons in the blood, then we get sick, nervous, nervousness, dizziness, headache, urinary disorders, rheumatism, and urinary disorders. The moment you feel a dull ache in the kidneys or your back hurts or the urine is cloudy, offensive, full of sediment, irregular in passage or colored by a sensation of scalding, eat meat and get about four ounces of Salt from any pharmacy, take a tablespoonful in a glass of water before breakfast and a few days your kidneys will act. This famous salt is made from the best of grapes and leaves and for generations to back has been used to cleanse the kidneys, also to remove the acids in the urine as it passes, causes irritation, thus relieving bladder weakness. This salt is inexpensive and can be taken in a glass of water or a glass of juice; makes a delightful effervescent drink which should be taken now and then to keep the kidneys clean and active and the blood pure, thereby relieving serious kidney complications. ASKS FUND FOR SUNSHINE HOME.
L. N. Brunswig Seeks City's Aid for French Children.
Three Hundred Thousand are Tuberculous Patients.
Half of the Sum Sought has been Subscribed Here.
Lucien N. Brunswig, who recently returned from reconstruction work in France, yesterday issued an appeal for funds from citizens of Los Angeles to enable this city to maintain a "sunshine house in France" for the care of tubercular children. Mr. Brunswig said that 300,000 French children are suffering from tuberculosis as a result of privations during the long war period. Besides the children there are several hundred thousand soldiers who have the disease, and France is not able to solve the problem of caring for them without outside aid. Mr. Brunswig said that many American cities have raised funds and made a gift of "sunshine houses" to the French workers, who are trying to care for the suffering children. San Francisco already has established a sunshine house and many folks in Los Angeles have determined that this city shall have one also. Only \$5000 is needed to establish the home and nearly half of this amount has been contributed already. In order to solve the problem of caring for the children, the French government has formed an association known as the "Maison Claire" under the direction of Mme. Yvonne Sarcay-Brison, daughter of Françoise Sarcay, for many years one of the literary lights of Paris. Mme. Sarcay-Brison is devoting her life to the care of these children. She and her assistants are taking them from their unsanitary surroundings in hovels and tenements, and bringing them to the "sunshine houses," many of which are situated on the outskirts of Paris. There they receive proper food and care, and many of them are being cured. Mr. Brunswig started the fund for the "sunshine house" that Los Angeles is to establish with a contribution of \$1000. Others who have contributed are: George F. Foster, \$100; F. P. Pellissier, \$250; L. J. Christopher, \$100; Mrs. Germaine Follisier, \$100; H. Westleton, \$50; H. Laurs, \$50; Elks Lodge of Topeka, Nev., \$50; various smaller donations totaling \$642.50, making a total for the fund of \$2142.50.
MONEY IS BLAMED.
Wife Says Husband Deserted When He Got Inheritance.
Money was the undoing of George Herman Schmitt, it appeared from the testimony of Little Jennie Schmitt, who sought a divorce in Judge Taft's court yesterday. She said her husband inherited \$5000, bought an automobile and deserted her. Before her marriage she was a school-teacher and saved some money. She told the court she spent her savings in supporting herself and her husband. The court continued the case until Mrs. Schmitt could find letters her husband wrote her, substantiating portions of her testimony.
REFUSED A DECREE.
Wife's Cruelty Charge Not Proven, Is Judge's Ruling.
Mrs. Sue Brown did not have sufficient proof to establish charges of cruelty against her husband, Joseph H. Brown, in divorce proceedings yesterday, and Judge Craft denied her a decree. She told the court that her husband ignored her at a dance, dancing with other women and going swimming with them afterwards. Once he tried to throw her out of a room, she said. He also humiliated her in the presence of other persons, saying he did not care for her and that she ought to get a divorce.
DIVORCES SOLDIER.
Canadian Veteran Would Not Work, His Wife Testifies.
When Grace Lillian Outway remonstrated with her husband, Al J. Outway, a former Canadian soldier, for not working, she said he replied that a gentleman did not work. He expected his father-in-law to support him, she testified in her suit. Mrs. Outway, who is an Englishwoman, charged cruelty in her divorce proceedings before Judge Craft yesterday. She said that her husband slapped her and used abusive language. The decree was granted.
CONTRACTOR ADMITS THAT HE'S INSOLVENT.
Benjamin Crites, a contractor of this city, filed a petition in bankruptcy in the U. S. District Court yesterday. He gives his debts as \$10,125, all unsecured, and his assets at \$150, all exempt under the law. The Venice Lumber Supply Company also filed a bankruptcy petition yesterday. The liabilities of the corporation are \$2,785.42, and the assets \$1743.
SECOND TRIAL HERE?
Judge Blodgett will deliver ruling tomorrow on the motion of the government for a change of venue for the second trial of Charles L. Williams, former San Diego banker. At the same time he is expected to set a date for the trial between January 5 and 15. It is believed that Judge Blodgett will order the second trial to be held here.

ARTISTS TO AID NEWSIES.

Lark Ellen Home Benefit Today will be
a Musical Treat.

Everyone who attends the benefit performance this afternoon at Church Auditorium for the Lark Ellen Newsboys' Home will be repaid if there is no other number on the programme than the closing one, Bach-Gounod's "Ave Maria," sung by Mme. Ellen Beach Yaw, with music on the harp by Miss Esther Rhodes, the violin played by Mrs. Alexander Pantegaz and the piano by Georgiella Lay.

Musical critics declare this selection to be one of the best imaginable, the trio of instruments, each in the hands of an artist, and the colorful voice of Mme. Yaw singing the aria. Those in charge of the entertainment have kept this feature of the programme a secret until today.

SELECT FAVORITES.
All of those who will take part in the programme have selected the pieces they liked best, and the result is that the programme presents the masterpieces of each of the artists. It would be difficult to find in the United States so long a list of prominent vocalists and instrumentalists, and those who attend the entertainment today will hear a concert such as is rarely heard and which will probably never be repeated.

Mary Miles Minter will be herself at the entertainment. She denies all knowledge of what she is going to say, but declares she is certain that she can say something that will help. Miss Minter is very fond of the Lark Ellen Home and the newsies there, and recently gave a private performance at the home for the boys.

THE PROGRAMME.
The programme is as follows:

Y.W.C.A. OPENS FRENCH HUTS

Relatives who visit the graves of soldiers who fell on the battlefields of France are to receive the same courtesies from the Y.W.C.A. as those extended to the overseas soldiers during the war, according to an announcement made by the local Y.W.C.A. yesterday.

Near the burial grounds at Romagne and near Belleau Wood, where bodies of many thousand fallen American soldiers rest, the Y.W.C.A. has erected huts similar to those maintained during the war for the American soldiers.

The latter are Mme. Ellen Beach Yaw (left) and Mary Miles Minter.

AIRPLANE PROPELLER
MEETS SEVERE TESTS.

LOS ANGELES INVENTION WILL
PERMIT USE OF SMALL
LANDING PLACES.

An adjustable and reversible airplane propeller, invented and perfected by two Los Angeles men, has passed all tests made at the government experimental station at McCook Field, Dayton, O. The propeller is the invention of Robert I. Eustis of 461 North Fremont avenue, and was perfected with the assistance of both Hart, prominent local insurance man.

The invention was brought to the attention of the Chamber of Commerce in 1910 and was offered to the government for war service. However, long tests, necessary because of its revolutionary character, have just been completed.
The invention, according to government officials, will make it possible to take an airplane from the ground within fifty to seventy-five feet and to bring the fastest airplane to a full stop in the same distance. Gen. Mitchell, chief of the Division of Military Aeronautics of the army, in an address in New York, said that with this propeller it will be possible for an airplane to cross the Atlantic in six or seven hours.

FOR MATERNITY COTTAGE.

Choosing the season of the nativity, when the birth of the Babe in the manger is celebrated by all the Christian world, directors of the Maternity Cottage and Homeopathic Hospital will lay the corner-stone of a new building at 127 South Utah street next Sunday at 3 p.m. Mrs. William Baurhyte, president of the board of directors, is in charge of the affair.
Mrs. Baurhyte stated yesterday that \$12,000 was raised in the recent campaign to secure \$15,000 for a new building for Maternity Cottage, where married mothers in needy circumstances are cared for when their babies arrive.

ORPHAN GRATEFUL.

French Youngster Writes to Girl
Godmothers Here.

Mayor Snyder yesterday was given a copy of a letter sent to the teachers of the Marlborough School for Girls from Valerie Marchand, Villablaim, France, who is an orphan and for whom the girls of this school are godmothers. In this letter references were made to the Mayor's son, the late Capt. Ross Snyder.
"You may rest assured," the girl writes, "that if later the occasion presents itself I also will know how to do my duty as Capt. Ross Snyder did, who also died for France. I desire to hold his conduct as a model, and if it is necessary later on I will return to the United States, as all other Frenchmen, the service they have given us in this last war, for, as I believe I have already written, I consider your country as my second fatherland."

LA VERNE MEETING.

Local Farm Bureau to Hear Report
on School Cafeteria.

Miss Mabel Briney, teacher of domestic science at the La Verne district school, will explain the work of the school cafeteria at a meeting of the Farm Bureau Center at the schoolhouse tomorrow night. The cafeteria, which has been conducted for the past three years, has been very successful. Warm lunches are served to the children attending the school, among whom are the youngsters from the David and Margaret Orphan's Home.
The cafeteria has been self-sustaining for some time. From 125 to 150 children are fed every day. Those who attend the meeting tomorrow night will have dinner served in the cafeteria.

DRINK HOT TEA
FOR A BAD COLD

Get a small package of Mountain Brand Tea at any grocer. Make a tablespoonful of this Mountain Tea, put a cup of boiling water over it, and through a sieve and drink a teaspoonful at any time. It is the most effective way to break a cold and cure a sore throat. It is refreshing and entirely wholesome. (Advertisement.)

WAS FORCED TO
STOP HER WORK

Was Weak, Nervous and
Unable to Get Relief.

Regains Her Health by
Taking Tanlac.

"I Cannot Praise it Too
Much," Mrs. Sloan Says.

"For four years I was in such bad condition I could not do my housework, but since taking Tanlac I feel perfectly splendid all the time," said Mrs. A. Sloan of 628 Highland street, San Diego, Cal., recently. "I can't say too much for this great medicine for it did for me what everything else had failed to do," she continued.

"For the past seven years I suffered with what was diagnosed as inflammation of the bladder and during the last four years I was in constant pain without being able to get any relief either night or day. I became so nervous I could hardly sleep, but would toss about all night long with just a few fitful naps. I lived on special foods for months at a time and got as weak as a kitten. I just kept on going down hill all the time and finally my condition became so serious I was uncertain how it would terminate. I was terribly blue and discouraged."

"One day I saw where Tanlac had helped another woman so much that I decided to try it, but my condition was so bad that the first bottle of Tanlac did not seem to do me much good. However, the second bottle was only about half finished before I knew I had at last found relief and now I am simply in splendid health. None of the old troubles have bothered me in some time and I feel so strong and well I not only do all my own housework, but I have taken up some outside work too."

"I can't praise Tanlac too much for what it has done for me, and am sure other people will find it just as good as I did."
Tanlac is sold in Los Angeles, Pasadena and San Diego by the Drug Co.—(Advertisement.)

This Is
Children's Week

Van Degriest's

Value for value. Van Degriest prices for children's shoes are, we believe, the most remarkable in the town. There are several reasons for this. We sell for cash only, and consequently no losses from bad credits that the cash customer is called upon to pay.

Right now the prices quoted are far less than those of our eastern contemporaries and considerably lower than we expect to be able to quote later in the season. It's a good time, then, to lay in a supply of Children's Shoes.

Blanket Sale

Cold Weather Here and Blankets Underpriced

A sale that is unusual even at Hale's, where selling for less is an every-day affair. Right in the face of cold weather with need of warmer bedding, this is a most unusual time to sell blankets at below regular prices. Case after case of blankets have just arrived—more than a thousand pairs will go on sale at prices far below their worth. The savings are due to the unrivaled Buying Organization of the Hale California Stores. Buy Blankets Now! Hotel and apartment house keepers are invited to share in the savings.

Extra salespeople will serve you quickly and efficiently, thus demonstrating the broad-minded Hale policy of "real service to our patrons."
